

GBKG Speaker Presentation

Thursday, December 14, 2023 10:45 am -11:45 am Eastern

Mary Martin is a knitwear designer based in Toronto, Canada. Her focus is on creating reversible fabrics. She has developed two reversible techniques [Fusion Knitting](#) and [Fission Knitting](#). She is still developing these techniques and finding ways to make them accessible to knitters.

Fusion and Fission Knitting have a lot of similarities but create fabrics with different properties. Mary will talk with us about why she started thinking about reversible fabrics and chronologically describe the evolution of the techniques. She will describe the techniques, how they differ and how innovation in one technique can spur developments in the other.

Ways to learn about Mary Martin:

- Subscribe to her [newsletter](#) to receive a free Intro to Reversible Knitting Pattern; the Flowing River Cowl practices the skills that will be taught in the Fission Knitting class.
- Subscribe to [Yarniverse](#) to take a Fission Knitting Workshop (& much more!)
