

Virtual Workshop: Math for Knitters with Kate Atherley

Thursday, October 19, 2023 1:00 pm – 3:00 pm Eastern

Proficiency Level: beginners, suitable for knitters who are confident with the mechanics of knitting, and are starting to work from patterns. This is NOT a garment alterations class.

Description: Math is everywhere in knitting – although sometimes it's not always obvious! This class is designed to explain how math fits into patterns, and how it can be harnessed to help you be a more confident knitter – from being confident you are reading the instructions correctly, to understanding gauge, and making alterations. You don't need to love math, this session is designed to be approachable for everyone, and to help all levels of knitters feel more comfortable with the numbers. We'll be answering attendee questions – you'll have a chance to submit them in advance.

GBKG Members: \$35

Non-GBKG Members: \$45
